

## **APPLY TODAY for an immediate interview!!**

CELL PHONE REPAIR - Competitive rate plus year-end bonuses and great benefits!

We are seeking passionate and energetic individuals who take pride in delivering outstanding work results to perform repairs on smart phone devices. This is an exciting opportunity to join a fast-paced business experiencing tremendous growth! **This position will NOT require travel, evening work, use of your personal vehicle or 10-12 hours shifts, 7 days a week or being on-call.** It is a regular (8am-5pm), full-time opportunity based in Clifton, NJ.

If you have 1-2 years of experience with smart cell phone repair (i.e., able to perform component repairs on most major brands including screen and battery replacement, button replacements and more), have a passion for technology and are looking for growth with an industry leader, submit your resume today for immediate consideration.

### **JOB RESPONSIBILITIES:**

- Diagnose, troubleshoot and repair devices
- Disassembles devices, using hand or power tools and measuring devices
- Replace defective parts from cell phones such as replacing LCD, Ports, Housings, Speakers, Cameras, and Buttons
- Micro soldering, water damage repair, charge ports and batteries
- Reassembles cell phones after making repairs or replacing parts
- Attention to detail, thoroughness and follow-through
- Ensure that all repairs meet or exceed quality standards
- Consistently meets production targets and goals, while paying attention to quality output
- Position requires working in a production processing environment (not storefront)

### **REQUIREMENTS:**

- Good to basic technical skills with cell phones and electronics
- 1-2 year's experience with smart cell phone repair
- 1-2 year's experience troubleshooting electronics/wireless devices
- Good working knowledge of mobile devices and operating systems
- Strong teamwork and collaboration skills
- Flexible and willing to change direction to meet business needs

### **What we look for:**

The ideal candidate will satisfy the following requirements and qualifications:

- Committed individuals who are interested in learning and expanding their knowledge and skills in the wireless device industry
- Students who are certified or actively pursuing an electronics, Comp TIA A+, and/or Electronic Repair Technician certifications
- **MUST** be able to pass a drug and background screen

- Ability to multitask while staying organized
- Strong verbal and written communications skills
- Positive customer service skills
- Interest/hobby in electronic and/or wireless device repair a plus!
- Able to work specified schedule; 8am to 5pm and overtime as required
- 1 year of production/cell phone repair/device testing, highly desirable

### **About Us:**

We are big enough to be a leader in the wireless device market, yet just the right size to know and recognize our employees by name. Ours is a team-oriented culture where employees contribute their skills and experience to make recommendations that will continue to grow the business.

In return, here's what we offer:

- Medical
- Dental
- Vision
- Flexible Spending Account Options
- Life Insurance
- Paid Time Off
- Holiday Pay
- Employer matched 401K plan
